

dish\_count

```
graph TD; A([dish_count]) --> B["(1) .toNumber()"]; B --> C([dish_count]);
```

A vertical flowchart with three nodes. The top node is a yellow rounded rectangle containing the text 'dish\_count'. A black arrow points down from this node to a central green rectangle containing the text '(1) .toNumber()'. Another black arrow points down from the green rectangle to a bottom blue rounded rectangle, also containing the text 'dish\_count'.

(1) .toNumber()

dish\_count
